Business Solutions

A complete solution for your business!

Our talent acquisition team devised a comprehensive approach to address Nitro's recruitment needs. By leveraging our expertise and utilising various recruitment tools and platforms, we provided a tailored solution to address these challenges. Our talent acquisition team embedding a dedicated Talent Partner into Nitro's organisation.

Our specialist Talent Partner seamlessly integrated into Nitro's operations, gaining access to their Applicant Tracking System (ATS), email communication, and Slack channels. By working on behalf of Nitro, the Talent Partner benefited from direct communication with Nitro's hiring managers, ensuring efficient collaboration, streamlined processes, and significant cost and time savings. In addition our team can offer an improved candidate experience by fully engaging with potential candidates throughout the recruitment cycle.
